Dear Sir:

OFFICE OF PUBLIC RECORDS  
2007 AUG 31 AM 10:23  
FINANCE SECTION

On April 10, 2002, applicant's representatives filed two assignment recordation documents for this case. The first document (Ex. A) was an assignment recordation executed by two of the inventors, Messrs. Jagger and Willetts, demonstrating the assignment of any and all of their rights, title, and interest in the invention to ISCO International Inc. (ISCO). That document was not signed by the third inventor, Mr. Tobia. The second document (Ex. B) was an assignment recordation executed by the Lockheed Martin of Canada (LMC), who is the legal successor to Mr. Tobia's employer at the time of the invention. This second document demonstrated the assignment of any and all rights, title, and interests of LMC in the instant application to ISCO, where LMC owned the inventive works of Mr. Tobia. Thus, together the assignments establish sole ownership by ISCO.

Accordingly, the patent office has recorded the assignment of the invention to ISCO, the assignee.

In reviewing the file for preparation of payment of the issue fee, applicant's representatives noticed that the governing employment agreement between Mr. Tobia and his employer, LMC's predecessor corporation, Martin Marietta Canada Ltd. (MMCL) had not

been previously forwarded to the patent office. A copy of that employment agreement is attached herewith as Ex. C. Applicant files the agreement for completeness sake.

It is believed no further action is required in this regard. However, if the assignment branch would like to discuss, please feel free to contact the below-signed representative.

Dated: August 28, 2007

Respectfully submitted,

By
